

## NEW CLIENT QUESTIONNAIRE OUT OF STATE/INTERNATIONAL 2022

This helps me tailor your plan to you  
Just ignore the questions that don't apply to you.  
The following are the things I need to know. You can elaborate on anything you want.  
Believe me, I've seen and heard everything and done a lot myself. : )  
Face to face is best if you live local (Detroit area) but this has worked so far with my  
people out of town/state/country  
Email this back to me at [lisa@lisamerrill.com](mailto:lisa@lisamerrill.com) or  
You can fax it to me too 1-877-287-7216

**TEXT ME THE SECOND YOU SEND IT SO I HAVE A HEADS UP**

My cell number is 734-502-8264 (Verizon if that matters) EASTERN time zone.  
I am a texting queen too. ☺

My fees for the nutrition plan (emailed first), and mailed info- pack containing my  
assessment and other support material, and 6 weeks unlimited phone/email/text time  
as we settle on your plan \$200  
And if you want an exercise plan + \$25

**I require a \$75 or \$100 deposit -or paid in full (moves you up the list!) before I  
start on a plan. Or you can negotiate this with me ahead of time.  
Installments are totally fine for tight budgets- just let me know ahead of  
time. Believe me I understand! I have started over from scratch a few times in  
my life too ☺**

For continuous support- If you want to send me daily food diaries \$15/month  
Or \$15-25 for meal plan updates after the initial set up time  
\$25-35 for phone sessions after the initial set up time  
For quickie emails and texts and "how do I count this" type of things I don't charge for  
but most people pop \$15-25 on paypal after they feel they have asked quite a bit.

I have paypal, venmo, zelle accounts, and checks & credit/debit cards are fine too.  
Health Savings/Flex spending does cover my services  
My accounts are my email [LISA@LISAMERRILL.COM](mailto:LISA@LISAMERRILL.COM) (don't forget the 2 R's and 2L's)  
Or my cell 734-502-8264. If you want to pay by check, I can text you my home  
address.

I agree to these fees \_\_\_\_\_ (initial and date here)
